ALL RUSSIA'S FLEET NOW IN CHINA SEA

Forty Two Vessels Compose Czar's Squadron.

GERMAN COLLIER IS RELEASED

The Position of the Fleet Was Then About 300 Miles Northeastward of Sunda Island—Russian Soldiers Surprise Japanese While Eating.

Singapore, April 14.—The Russian fleet was in latitude 8 degrees north, longitude 108 degrees, 55 minutes east at noon April 11. The peninsular and oriental steamer Nubia, which has arrived here, reports having passed no less than 42 vessels there. They were steaming north-northeast at a speed of 8 or 10 knots.

The position of the fleet was then about 300 miles northeastward of the

Sunda islands (which lie between the Malay peninsula and the West Coast of Borneo, and more than 200 miles southeast of Cape St. Jacques). This course indicates that the fleet was not going to Saigon, French Cochin China.

German Collier Released.

Singapore, Straits Settlements, April 14.—The German collier Hindoo (at this port loaded with 4,200 tons of Cardiff coal for the island of Tanjong Pandan, between Borneo and Sumatra and which was refused clearance papers for Saigon unless her commander gave bonds to deliver her cargo through the British consul there) was released today, her captain agreeing to deliver his cargo through the British consul at Saigon.

Situation in Manchuria.

St. Petersburg, April 14.—A dispatch from Gunshu Pass, dated yesterday says the Russian advance detachment on the Mandarin road pushed forward April 11 and bombarded Machiantzy at midday. The Japanese infantry in the valley hurriedly vacated the place leaving their dinners, maps, etc.

A peculiar case of a peasant who committed suicide in Japanese fashion is reported from Yamyshora, near Tsarekoe-Selo. The peasant referred to became a great admirer of the valiancy of the Japanese. He informed his family that he was tired of life and that he proposed to imitate their method of suicide and eventually carried out his intentions.

British Tars Make Comment.

London, April 14.—British naval men comment on the lack of secrecy regarding Admiral Rojestvensky's movements since his arrival in Far Eastern waters. The fact that he is keeping to the main trade route, although knowing his squadron would constantly be sighted and reported by passing vessels, they consider clearly, showing that the Russian admiral is keenly anxious to get at Admiral Togo and fight it out to a finish.

News from Washington.

Washington, April 14—The navy department was advised of the departure today of the cruiser Raleigh from Labuan on the north coast of British Borneo, where she was pispatched by Rear Admiral Train to observe the movements of the hostile fleets, for Cuyo in the Philippines, a point about 400 or 500 miles to the northeast between Palawan and the Panay islands.

It is indicated that the Raleigh's commander obtained information as to what he believed to be the contemplated course of the opposing war vessels and has shaped his course acordingly. It is about two days' sail to Cuyo.

The Russian government has been asked to grant permission to replace the two officers of the United States army captured by the Japanese at Mukden. General Thomas H. Barry, commanding the department of the gulf is the officer selected to join the Russian army in Manchuria and the note to Russia is coupled with the request that an aide to General Barry and an army surgeon be allowed to accompany him.

APPEAL MADE TO FRENCH.

Venezuela Fiscal Agent Places that Country's Attitude Before Them.

Paris, April 14.—General Velutini, the Venezuelan fiscal agent, in the course of an interview published today appeals to the public opinion of France in behalf of the course adopted by President Castro. He says the French Cable company seeks to substitute force through government intervention for the usual proceedure of the Venezuelan courts and asserts that Venezuela's action against various foreign companies is due to their not fulfilling their engagements and lending support to the revolutionists.

"What would France say," General Velutini asked, "if she detected foreign accomplices of the plotters against the security of the state?"

The general maintains that France should take a sympathetic view of Venezuela's resisting the encroachments of foreign corporations.

FIRM OPERATES MORE WAGONS

Montgomery, Ward & Co., of Chicago, Succeed in Getting Freight to Depots.

Chicago, April 14.—Notwithstanding a continuance of the strike of teamsters and garment makers, Montgomery, Ward & Co., today started out more wagons than on any previous day since the teamsters for the firm quit work.

The police guards with the wagons were still heavy, but not so numerous as on previous days. Eighteen loaded trucks were sent out simultaneously from the firm's headquarters to the various railroad freight houses. One more effort to reach a settlement between employers and employes was in progress today, three representatives of the Chicago Employers' association having arranged to meet a committee of eleven labor leaders at the Grand Northern hotel. The conference was arranged at the request of President Cornelius P. Shay, of the Teamsters' union.

ACTRESS CHARGED WITH CONSPIRACY

Nan Patterson Willing To Answer Charge Against Her.

FLORADORA GIRL IN COURTROOM

She Desired to Plead in Case But District Attorney Rand Objected—She Will Be Tried with Morgan Smith and Wife.

New York April 14—Nan Patterson was brought into the court of General sessions today by her own consent to plead to a charge of conspiracy to get money from Caesar Young, the bookmaker. She is accused of having conspired with J. Morgan Smith and his wife, Miss Patterson's sister, to extort money from the dead bookmaker.

She was not allowed to plead to the charge, however, Assistant District Attorney Rand asked Judge Foster that she be not arraigned, holding that it was unnecessary. Miss Patterson's counsel requested permission to examine the minutes of the grand jury which indicted her. This was opposed by Mr. Rand, who asked for a delay of one day in order that Miss Patterson might be arraigned in company with J. Morgan Smith and Mrs. Smith tomorrow.

Although Miss Patterson's counsel vigorously objected to the delay, the court ordered that her plea to the charge be put over until Friday. She will be placed on trial again next Monday on the charge of having murdered Young.

Counsel for J. Morgan Smith and his wife asked the court to order the district attorney to return the letters confiscated from the Smiths in Cincinnati. The lawyer declared that Mr. Rand had no right to them. Before deciding the question the court decided that general notice be given to the district attorney.

After the court proceedings Mr. Rand asked the Smiths' counsel to allow them to come to the district attorney's office and be questioned. The lawyer reserved his decision.

Kentuckian Wounded in Korea.

Versailles, Ky., April 14.—Dr. Wiley S. Forsythe, formerly of Versailles who is in Korea as a medical missionary, was recently attacked by a band of Korean rebels, according to advices received here and badly wounded. Dr. Forsythe was called into the interior to attend a Korean gentleman who had been shot by robbers. He stopped for the night at the village of Mankoi. During the night the house was broken into by rebels and Forsythe being unarmed, was at their mercy. His skull was fractured, one of his ears severed and he received other dangerous wounds. Dr. Forsythe went to Korea last year.

Irishman 105 Years Old Dead.

New York, April 14.—Thomas Butler, born in Queenstown, Ireland, in 1800, is dead at his home here. He came to America when 8 years old and for 80 years was identified with wharves and shipping at Canal street. It is said Butler attended church every morning for 60 years and so regular were his habits that he was known in the neighborhood as "Old Clock." He used tobacco all his life, but had obstained from liquor since 1841. Of his seven children, only two survive.

No Reason for Double Murder.

St. Paul, April 14.—William Williams, 60 years old, a steam fitter, entered the home of Frederick S. Kellar early today and after some parleying Shot Kellar, 16 years old, as he lay in bed and then turned his revolver on the boy's mother. Both victims are fatally hurt. No reason for the shooting is known.

Jumps from Auto to Death.

Marietta, O., April 14.—Major William G. Jewell was instantly killed here by a Pennsylvania train. With Cecil Gardner he was in an automobile. The machine had crossed safely ahead of a train, when Major Jewell, becoming excited, jumped and ran under the train.

LACE WAR NARROWLY AVERTED.

Negro Assaults White Woman in Kansas—Blacks Ordered to Leave.

Coffeyville, Kans., April 14.—A race war has narrowly been averted here as the result of the assault by a negro upon Mrs. John Grimth, white, the wife of a machinist, and serious trouble is still likely.

Negroes of the wrost class have been ordered to leave town before night. In anticipation of a clash between the two races, the mayor has all citizens disarm, and at the same time many special officers were sworn in. Since the negro's attack on Mrs. Griffith the negroes have been arming to prevent the lynching of any innocent negro, as seemed likely, and early yesterday an attempt to disarm a number of blacks resulted in a dozen revolvers being leveled at Chief of Police Smith's head.

Other negroes rushed to the scene when a body of white stopped them with leveled rifles. The leader among the negroes was choked into insensibility and the others were subdued, trouble being averted for the time at least. Many arrests were made. The negro who assaulted Mrs. Griffith is still at large.

BOY HELD FOR RANSOM.

Kidnapers Evade Those Who Would Rescue Captive.

Norfolk, Va., April 14.—Detectives Cotton and Rose returned to Norfolk from Rocky Mount, N. C., after an unsuccessful attempt to locate Kenneth Beasley, the 8-year-year-old son of State Senator W. N. Beasley, of Poplar Branch, N. C., who was kidnaped in March.

Senator Beasley has received letters purporting to be from the people who kidnaped his child, advising him that if he would place a sum of money at a certain spot and return in a specified time he would find the lost child there in exchange for the cash.

Acting on this plan the senator communicated with Mayor Riddick to secure aid. Detectives Cotton and Rose learned of the case and asked for three furloughs that they might work it up.

When the trio reached Rockymount preparations were made at once to trap the kidnapers, but they had evidently gotten wind of the presence of officers, who watched in vain for some one to come to the place where the "money" was hidden and leave Young Beasley there.

Presbyterians Will Unite.

Nashville, Tenn., April 14.—Cumberland Presbyterian headquarters here announced today that the proposition for union with the Northern Presbyterian church has received the requisite 58 votes, with others of the 114 presbyteries of the Cumberland Presbyterian church yet to hear from. The deciding vote was cast by the Pennsylvania Cumberland Presbyterian presbytery. It is said that the Northern Presbyterian church is voting for union in the ratio of 10 to 1. It has already settled the question of separate presbyteries for negroes.

To Stop Farmers' Trust.

Topeka, Kans., April 14.—Attorney General Coleman has rendered an opinion to the effect that the various farmers' shipping associations of the state are organized in violation of the Kansas anti-trust law. The matter was started by the Kansas Grain Dealers' association, and the attorney general will be asked to begin proceedings against the farmers. E. J. Smiley, secretary of the Grain Dealers association, has been sentenced to serve 90 days in the county jail for violation of the anti-trust laws. He has made application for a pardon which is being vigorously opposed by the farmers' organizations.

Young Girl Acts Engineer.

St. Louis, April 14.—A pretty girl at the throttle of the engine that pulled the 'Frisco accommodation to Valley Park from St. Louis was the novelty witnessed by passengers and trainmen. The engineer was Miss Bessie Craig, of Fort Worth, Tex., who is in St. Louis to sing at the special session of the Brotherhood of Locomotive Firemen. At the request of the Brotherhood of Locomotive Firemen special permission was given Miss Craig to run the engine.

EIGHT AMERICANS KILLED BY SAVAGES

Crew of Ship, Benjamin Sewell Meet An Awful Fate.

WRECKED IN FORMOSA WATERS

Story is Told by Official Correspondence to State Department—Japan is Doing All She Can to Punish the Guilty Ones.

Washington, April 14.—Botel Tobago, savages in Formosa, caused the death of eight members of the crew of the American ship, Benjamin Sewall, and treated other members of the crew in a cruel manner when that ship was wrecked in Formosa waters some time ago.

The story is told in official corresopndence published at the state department today. When the Japanese government's attention was called to the incident it replied that the government of Formosa would "efficiently and strctly censure the savages and will warn them not to repeat such misconduct again in future."

Mr. Loomis, the acting secretary of state, promptly directed the American minister at Tokio to say that the Japanese government that "something more impressive than censure may suggest itself to the mind of that government."

The Japanese government accordingly adopted punitive measures but found great difficulty in executing them intelligently because they could not make the natives understand for what they were being punished.

This government then suggested that several of the native chiefs known to have been implicated in the incident be imprisoned until some of the Formosan officials could master their dialect and make them understand why they were being punished.

"BACK T OTHE PEOPLE."

Declares Congressman Rainey Must Be the Democratic Battle Cry.

New York, April 14.—Congressman Henry T. Rainey, of Illinois, has been selected as the chief speaker at a Jefferson dinner here by the Harlem Democratic club. He declared the new battle cry of the Democratic party to be "Back to the People," and applied it to the regulation of all public utilities. In this connection, he said:

"If it is found impossible to regulate and control these public utilities—so that they are the servants, not the masters, of the people, Chicago has pointed out the way. Rather than submit to railroad ownership of the instruments of government, the people will demand and will have government ownership of railroads."

Died from Baseball Injury.

New York, April 14.—William Garrison is dead at his home in Canton, N. J., from a peculiar injury received while playing ball. Last Saturday Garrison made a swing at a pitched ball. He missed and his momentum was so great that he spun around three times. Apparently Garrison felt no ill-effects until several days later, when he was taken ill and physicians found one of the main blood vessels of the stomach had been ruptured. Nothing could be done then to save his life.

Jail Demolished By Explosion.

Clarksburg, W. Va., April 14—Lewis county jail at Weston, W. Va., was partially demolished by an explosion of nitroglycerine early today and seven prisoners escaped. Officers and bloodhounds are in pursuit. It is supposed that the building was blown up by the prisoners, but it is not known how they secured the explosive.

Standard Oil Company Indicted.

Frankfort, Ky., April 14.—Four hundred indictments charging the Standard Oil Company with failure to take out peddlers' licenses as required by the Kentucky statutes, were returned by the Franklin county grand jury today. Similar indictments have been returned recently in several counties of the state.

THE CITY DIRECTORY.

Work Progressing Nicely—Will be Before the Public in Thirty Days.

Jesse E. Burtz, compiler of the Gainesville City Directory, is working steadily, and is making good progress in the matter of securing the necessary information in the matter of compiling the book. The job is a slow and tedious one, however, as a great many disadvantages in one way or another are being encountered.

The compiler hopes to complete the work by the end of the month, when the copy will be turned into the hands of the printers. Any information the public may give to the compiler will be appreciated.

The issue of the directory will not be less than two hundred, and the work will run about 110 pages. It will be handsomely and durably bound in cloth, and will serve as a complete volume of general information for the public. It will be identical with directories of the larger cities, and no information regarding the city or its affairs will be omitted. The book will contain the names of all residents over the age of eighteen years, together with their occupation, street number, etc., which will make the work invaluable to the public. It will also contain a complete classified business directory, and a directory of the churches, schools and societies.

The size of the page will be six by nine inches, which will admit the matter to be set in type sufficiently large to read without the aid of glasses.

Card of Thanks.

I feel flattered that my ninth consecutive election for city tax collector should result in leading the ticket, and to show my appreciation I propose to secure a new badge, "Pay Your Taxes." Thanking my friends and the voters generally, T. B. Ellis.

Cheated Death.

Kidney trouble often ends fatally, but by choosing the right medicine E. H. Wolfe of Bear Grove, Iowa, cheated death. He says: "Two years ago I had kidney trouble, which caused me great pain, suffering and anxiety, but I took Electric Bitters, which effected a complete cure. I have also found them of great benefit in general debility and nerve trouble, and keep them constantly on hand, since, as I find they have no equal." All druggists guarantee them at 50c.

HER SINFUL LIFE.

She Neglected Ailments Which Seemed Trivial and Became a Bedridden Invalid—A Burden to Herself and Her Friends.

Marvelous Power of G. F. P.

Mrs. Mary Scott-Casten, whose work for women has made her name famous throughout America, says:

"The woman who neglects female troubles of any kind sins against God and man. When I was younger I was a victim of prolapsus and ovarian troubles, and because I was ashamed to call a doctor let matters go from bad to worse until I was a bedridden invalid, a burden to myself and my friends.

"I then called a doctor, and all in the world he did for me was to tell me to get a bottle of G. F. P. (Gerstle's Female Panacea).

"It cured me. In an hour I felt new life and strength, and in a fortnight I was as well as I am today."

G. F. P. (Gerstle's Female Panacea) is a strictly vegetable remedy of marvelous power for the cure of female disorders, such as leucorrhea, prolapsus (falling of the womb), ovarian difficulties, and painful, suppressed or irregular menstruation.

It is the only recognized remedy which is sold under an iron-clad money-back guarantee. Buy a bottle from the nearest druggist. Use it to the last drop, and if you can conscientiously say you have not been benefited take the empty bottle to the man who sold G. F. P. to you, and he will return your money.

If your druggist cannot supply you send direct to us and we will ship prepaid on receipt of price. The Gerstle Medicine Co., Chattanooga, Tenn.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, or the kidneys themselves break down and waste away cell by cell.

Bladder troubles almost always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

THE BEAN MOVEMENT.

Shipments from Webster and Center Hill Will Be Heavy in a Few Days.

C. S. Robertson, traveling solicitor for the Armour Car Lines, has returned from Center Hill, Webster and other points, where he has been in the interest of his lines.

Mr. Robertson states that, while the sections visited are badly in need of rain, the vegetable crops are maturing nicely, and within a short time will be moving heavily. This is especially true of snap beans, the first solid carload of which were shipped Wednesday. The bean average is especially large in the Webster and Center Hill districts, and the growers expect to realize a big thing financially.

The car shipped on Wednesday was the first of the season. It was consigned to New York, and contained some of the finest beans ever seen in the section, which is noted for its fertility.

Mr. Robertson states that there are few melons in the territory visited, but the vegetable acreage is large, and the prospects are that the growers will reap good benefits.

Sun Advertising Pays.

"When it comes to profitable advertising, I can safely say that The Sun is the medium," remarked J. Starr Sternberger of the firm of Sternberger & Phillips, contractors in papering, painting and decorating, Thursday. "We placed an ad. in The Sunday Sun for a young man desiring to learn the papering and painting business, to do office work at the beginning, and bless my soul if we didn't have seventeen applications on Monday. Whoever says advertising in The Sun don't pay don't know what he is talking about, if all have the same result as our advertising."

Mr. Sternberger, who has charge of the Gainesville store, is a firm believer in advertising, with the result that he prospers. The first point in opening business here was the making of an advertising contract with The Sun. He came in the face of opposition and plenty of it. He started with two painters, but business was good from the beginning, with the result that he has today eleven first-class paper hangers and painters, and they are all busy.

"I am going to be frank," remarked Mr. Sternberger. "I want to say that The Sun is the best newspaper advertising medium I have ever patronized, for I see direct results every day."

The Sun is glad to note the prosperity of Sternberger & Phillips, for they are progressive young men, are competent in their line, and dererve success.

A Dandy for Burns.

Dr. Bergin, Pana, Ill., writes: "I have used Ballard's Snow Liniment; always recommend it to my friends, as I am confident there is no better made. 'It is a dandy for burns.' Those who live on farms are especially liable to many accidental cuts, burns, bruises, which heal rapidly when Ballard's Snow Liniment is applied. It should always be kept in the house for cases of emergency." 25c, 50c, $1.00 bottle. Sold by W. M. Johnson.

Father and Son Are Shot.

Dadeville, Ala., April 14.—Reports have reached here of a shooting affray which occurred 20 miles from here near Tallassee. James Weldon and son, Reed, were shot by Dalphus Golden and both are fatally wounded. The older Weldon is shot in the back and his son in the side, the weapons used being a shotgun. The Weldons were unarmed. Deputies have been sent to arrest Golden. It is said the shooting was the result of difficulties of long standing.

Ballard's Horehound Syrup

Immediately relieves hoarse, croupy cough, oppressed, rattling, rasping and difficult breathing. Henry C. Stearns, Druggist, Shulleburg, Wis., writes May 20, 1901: "I have been selling Ballard's Horehound Syrup for two years, and have never had a preparation that has given better satisfaction. I notice that when I sell a bottle they come back for more. I can honestly recommend it." 25c, 50c, $1.00. Sold by W. M. Johnson.

Noted Author Passes Away.

New York, April 14.—Coolnel Nicholas Pike, an author of a "Life of Geo Washington," and scientist, is dead of paralysis. He was 87 years old For many years he served as consu on the Island of Mauritus and later was consul general to Portugal. In his travels Colonel Pike made a noted collection of flora and fauna and turned his Brooklyn home into a veritable museum. He was a relative of Captain Pike, after whom Pike's peak was named.

How Is Your Heart?

Is your pulse weak, too slow, too fast, or does it skip a beat?

Do you have shortness of breath, weak or hungry spells, fainting, smothering or choking spells, palpitation, fluttering, pains around the heart, in side and shoulder; or hurt when lying on left side?

If you have any of these symptoms your heart is weak or diseased, and cannot get better without assistance.

Dr. Miles' Heart Cure strengthens weak hearts, and rarely ever fails to cure heart disease. Try it, and see how quickly you will find relief.

"About January 1st, 1902, I took down with weakness and dropsy, and gradually grew worse. I was told by my family physician that my case was hopeless. My neighbors and family had given me up to die. My limbs and body were swollen to one-third larger than normal size, and water had collected around my heart. For at least three months I had to sit propped up in bed to keep from smothering. I sent for five bottles of Dr. Miles' Heart Cure, and by the time I had taken them all I was entirely cured. I feel better than I have for twenty years, and I am able to do any kind of work on my farm. My attending physician told me that if it hadn't been for Dr. Miles' Heart Cure I would now be in my grave."

L. T. CURL, Wilmore, Ky.

Dr. Miles' Heart Cure is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails he will refund your money.

The question of enlarging the corporate limits should be plainly and squarely put before the people, and then there could be no serious objection.

It is reported that an Atlanta lawyer dropped dead of heart disease. Some people should stop and think a moment of the unkind remarks made about lawyers.

President Roosevelt killed a big rattlesnake the other day. The same day a picnicker at Prarie Creek killed a rattler and a black snake. Both were real snakes.

If the missionaries and churches keep on getting so "fussy" about accepting money from Jawbn and a few others who haven't accumulated the stuff in just exactly the proper way, the Mid-Winter Fair at Tampa might be induced to accept a few dollars.

With Editor McCreary of The Gainesville Daily Sun, Matthews of the Starke Telegraph, Humphries of The Bradentown Herald, Koonce of the Sumter County Times, and Aycrard of The Lake City Index in the legislature, the "devil" will be to pay when they get back home; but then the State must be served at all hazards.—Levy Times-Democrat.

Florida is a big State, and there is room for all. There is a great variety of products in every part of the State, and undeveloped though her resources may be at the present time, she is bound to go ahead. When people can't stand the severe weather of the North they can live here with comfort. There is a chance for many more people to come here and live in comfort. The door is open to all good people who will come.

OUR PUBLIC SCHOOLS.

The House and Senate at Tallahassee should not waste much time on some of the measures that are brought before them for consideration. Many of them are simply a waste of time to consider and would not avail anything to the State should they become a law. Others may be necessary later on, but are premature at the present time. There is no question of more vital importance to the future of our State and the people who are rearing children within its borders, than that of our public schools. The public schools should come first, as they are the foundation upon which our institutions are builded. No one can appreciate this fact better than those who have grown to manhood and womanhood without enjoying these advantages.

To maintain our schools up to their present high standard requires a vast sum of money, and those who have this work in hand must be zealous and steadfast to the cause. There are many ways of advantageously expending money along this line with great benefit, and while we are earnestly engaged in the work, it is necessary to exercise financial ability in making every dollar go as far as possible.

The uniform text-book measure, if it becomes a law, and the State and county commissions made up of men named in the bill, would be a great saving to many who have been obliged to pay large sums each year for their children, in many instances the amount being what would seem to those who are in a position to know, as exorbitant.

With the uniform text-books in all our schools, the prices for books at a reasonable figure, and the opportunity of changing old books for new ones by paying a small difference, there will be a relief to the deserving people of Florida of a large sum of money, the benefit in our own county amounting to several thousand dollars.

In speaking on the subject of school books, The Lake City Index says that "two years ago Florida adopted a law providing for county high schools. Under its provisions it is safe to say that $250,000 has been spent for certain books. Pass uniformity, install new books, and you will have a loss to parents, if they are exchanged at the usual rates, of $200,000."

John Temple Graves says: "I have been preaching incessantly in these letters the necessity for individual thought and activity by individual Democrats." That seems to be the trouble with the Democrats in the North—there is too much "individual thought," and no two think alike. What we want is more concentration of thought, and not let everyone think he knows it all. Stand together and not run away on your individuality so much.

The Jacksonville police pension bill in the Legislature is all right. Policemen in that city should not only have a pension, but each officer ought to be supplied with a gatling gun and a Holland submarine boat for diving into some of the places they have to visit while on duty.

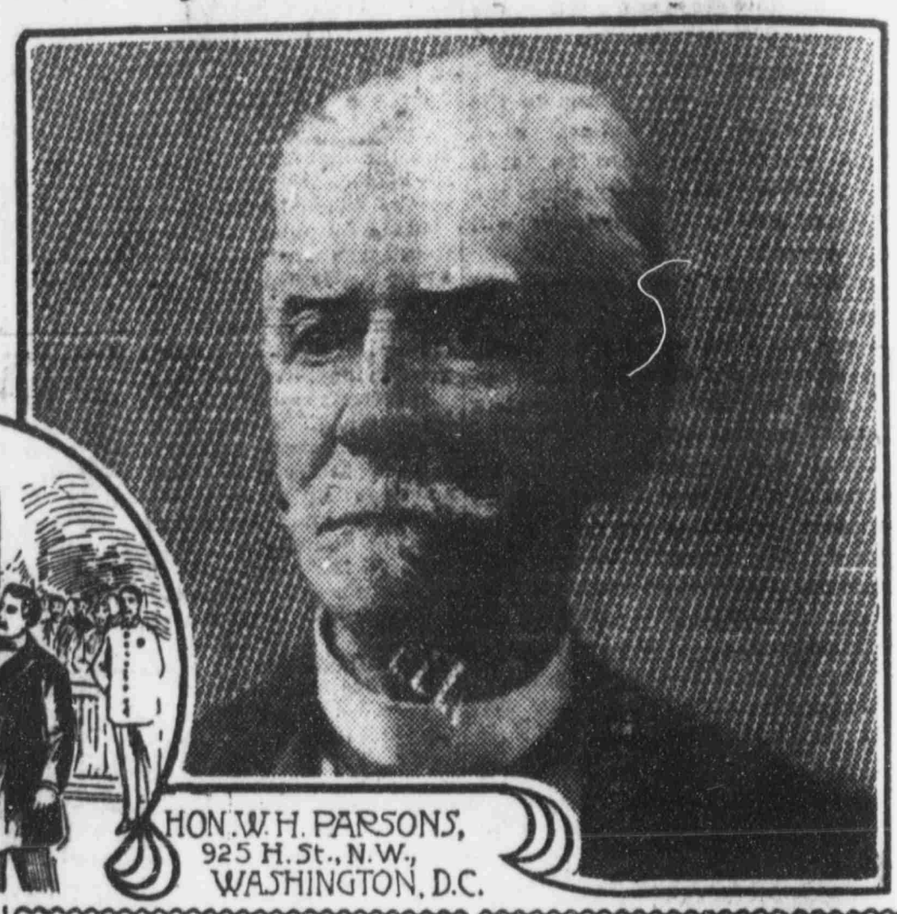
JUDGE OF THE SUPREME COURT

Was Alarmingly Afflicted With La Grippe. Cured by Pe-ru-na.

The Grip is Properly Termed Epidemic Catarrh.

As Pe-ru-na Cures Every Form of Catarrh, It Has Relieved More Cases of Grip Than All Other Remedies Combined.



HON. W. H. PARSONS,
925 H. St., N. W.,
WASHINGTON, D. C.

The Fear of Grip Makes People Nervous.

There is no remedy in the world that meets the conditions produced by the grip better than Peruna.

Peruna strengthens as it renovates, soothes while it stimulates, heals as it expurgates.

Peruna is not a purgative, or cathartic or sedative, or stimulant, nor a vegetable or mineral poison.

It reaches the source of all diseases of the mucous membranes by its action on the vaso-motor system of nerves.

After-Effects of the Grip.

Every person who has had la grippe during the last year should take a course of Peruna. No one need expect perfect recovery unless they do so.

The grip has produced catarrhal inflammation of the whole mucous membrane, and good health is impossible until these are restored to a normal condition. This Peruna will do.

A great many remedies have been suggested for this condition from time to time, but Peruna is the only remedy that has any substantial value in these cases.

It has never failed to give satisfaction during forty years' experience and still occupies the unique position of being the leading (if not the only) specific remedy for the after-effects of la grippe.

No Time Like the Present.

If you are suffering from the after-effects of la grippe—if you have become discouraged in your attempts to cure yourself with other treatments, take a bottle of Peruna now.

A bottle of Peruna taken during the beginning of the disease is worth more than a dozen bottles after the trouble has become deep-seated.

W. H. Parsons is Ex-State Senator and Ex-Special Judge of the Supreme Court of Texas, and was also Brigadier-General in Confederate Army. In a recent letter from 925 H street, N. W., Washington, D. C., this prominent gentleman says:

"Upon the recommendation of personal friends and many strong testimonials as to the efficacy of Peruna in the treatment of the numerous symptoms of the grippe with which I have been afflicted for four months past, I have been induced to undergo a treatment with this justly celebrated formula. I feel a decided change for the better after using it only one week.

"It is especially good in toning up the stomach and has had a decided effect upon my appetite. I therefore feel much encouraged that I am on the road to complete restoration.

"My numerous friends in Texas, where I have had the honor to command a brigade of her Veteran Cavalry in a four years' war, may accept this voluntary testimonial to the merits of Peruna as a sense of obligation on my part for its wonderful efficacy."—W. H. Parsons.

Miss Eugenie Lafortune of 110 Berrie street, Montreal, Can., writes:

"Peruna cured me of a severe case of la grippe when nothing else had any effect on me. Five bottles did the work and they were worth hundreds of dollars for the comfort and health restored to me. I therefore feel that the least I can do is to gratefully acknowledge its merits."—Eugenie Lafortune.

A reward of $10,000 has been deposited in the Market Exchange Bank, Columbus, Ohio, as a guarantee that the above testimonial is genuine; that we hold in our possession authentic letters certifying to the same. Every one of our testimonials are genuine and in the words of the one whose name is appended.

ANT TOWN OF THEIR OWN

uld Not See The Charter as Suggested by People of Gainesville in a Favorable Light, and Decided to Make a Corporation of Their Own.

t the meeting of the citizens of rth Gainesville, called for the purse of discussing the proposed new arter of the city of Gainesville, it s decided that the charter was not t what the people of that progresve settlement desired, hence a resotion was passed to incorporate North inesville separately and distinctly om the charter of the city.

This will mean the organization of a parate municipality entirely indendent from the city of Gainesville. means also that the roadways and reets of North Gainesville will reive no further support from the unty, but that the same must be nstructed, kept up and repaired by e municipality, by taxation of its sidents.

The meeting was well attended, and nsiderable interest was apparently anifested in the proceedings. Those resent declared that the motion to corporate separately was unanimous, ot a single vote having been recorded the negative.

MR. WILSON PLEASED.

e Considers Gainesville Leading Interior City of the State.

Chas. A. Wilson of Jacksonville, tate director of the New York Life nsurance Company, after a brief visit o this city, returned to his home Friay.

Mr. Wilson, who has been in this teritory only for a short time, is very eeply impressed with Gainesville, its people and its progress, commercially and otherwise.

"This is my first visit to Gainesville," he said, "but I must say with all frankness that I am well pleased. I have traveled through the State considerably, and I believe it is the best interior town in Florida. I am sure of this, so far as my observation has gone. You have a good, clever class of people who make a fellow feel at home, and I hope to visit you frequently in future. I like the city; I like the style of your people; I like the buildings and the stores, for they appear up to date, which is the best evidence of a progressive town."

Mr. Wilson incidentally paid W. E. Dow, agent of the New York Life in this city, a compliment, stating that Mr. Dow is held in the highest regard by his employers at headquarters, and that he enjoys a reputation among the fraternity as being one of the best insurance writers in the State. "You know I am an agency director, and it is my duty to push these fellows up when they get a little indifferent," he said, "but I have never had occasion to get behind my friend Dow I have no business here now, but Mr. Dow informed me that he had just opened an office, and extended a very cordial invitation to come, so I just 'drifted in' to see him and shake hands."

Thursday afternoon Messrs. Wilson and Dow visited the Spring Park farm, and were guests of Manager Callison. They were well pleased with the hospitality of Mr. Callison, and Mr. Wilson, after looking over the herd of registered Hereford and Jersey stock, expressed surprise. He stated that he had no idea that such a farm existed in the State.

YOUNG WIFEHOOD

BOSTON, MASS., 152 Shawmut Ave., Oct. 25, 1902.

After I had been married about four months I felt my health generally decline. I seemed to lose the light step and dragged wearily along instead. My appetite failed me and I lost health and strength. I was nervous and had shooting pains through my limbs and stomach while bearing down pains and constant headaches added to my misery. The menstrual flow became more and more profuse and I was unfit to attend to my daily duties. My husband called in three different physicians and I took enough medicine to kill or cure a dozen women, but it all had no effect on me whatever, until I took Wine of Cardui. In a few days I felt a change for the better, my general health improved and at the next time of my periods my flow was more natural and I was in less pain. Gradually I recovered my health and strength and am now in perfect health. I take an occasional dose of Wine of Cardui which keeps me well.

I am happy to give you this endorsement. Bertha Ricker

President, Back Bay Woman's Club.

Why don't you try for the same health Mrs. Ricker has? It is easy to secure if you take Wine of Cardui according to directions. Wine of Cardui strengthens weak and worn-out women of any age and assists the mother and housewife to bear her exacting duties. Wine of Cardui makes women fit for all the duties of womanhood.

It will relieve the pains of irregularity, cures falling of the womb, leucorrhœa, ovarian troubles, and has been known to remove what physicians considered dangerous tumors. Women who use Wine of Cardui do not suffer at the monthly periods. They do not suffer hysterical attacks, because Wine of Cardui gives them strong nerves freed from the irritation of female suffering.

A $1.00 bottle of Wine of Cardui purchased from your druggist will keep you free from pain.

Dr. E. W. Hall, St. Louis: Dear Sir—I have been a great sufferer from bladder trouble for two years and my case was of a very serious nature, compelling me to have several painful and dangerous operations. I have also taken many different remedies. I took Swamp Root for three years and Warner's Safe Cure two years and they only gave temporary relief. After having two operations and preparing for the third, I saw your Texas Wonder advertised and purchased a bottle. I got almost immediate relief and have continued to improve ever since.
